

BOWDON URBAN DISTRICT COUNCIL.

ANNUAL REPORTS  
of the  
MEDICAL OFFICER OF HEALTH  
and  
SANITARY INSPECTOR  
FOR THE YEAR 1954.

BOWDON URBAN DISTRICT COUNCIL.

ANNUAL REPORTS

of the

MEDICAL OFFICER OF HEALTH

and

SANITARY INSPECTOR

FOR THE YEAR 1954.

MEDICAL OFFICER'S REPORT FOR THE YEAR 1954.

Urban District of Bowdon.

Section A.

STATISTICS AND SOCIAL CONDITIONS.

The Area of the Urban District, of Bowdon is 1090 acres.

The Registrar General's estimate of the population is 3670

The Number of Inhabited Houses at the end of 1954 according to the rate book was approximately 1,230.

The Rateable Value of the District is £42,210 and the sum represented by a penny rate is £173.

The Social Conditions are good. The District is almost entirely residential and there is no industry of note.

VITAL STATISTICS.

<u>BIRTHS.</u>	Total.	Male.	Female.
<u>Live Births.</u> (Legitimate)	55	29	26
(Illegitimate)	2	2	--
	<u>57</u>	<u>31</u>	<u>26</u>
<u>Still Births.</u>	1	--	1

BIRTH RATE. per 1,000 of estimate population Standardised 15.53  
Birth Rate. 14.44

DEATHS.

Total Number of Deaths in District. 49.

Death Rate. per 1,000 of the estimated total. 13.35.  
Standardised DEATH rate. 9.74.

The population figures given are home population, and the births and deaths rates are based on this population. The Standardised births and deaths rates are arrived at after allowing for the age and sex distribution of the population, giving a fairer basis for comparison with those of other areas.

D. LONGBOTTOM M.B., Ch.B., D.P.H.

Medical Officer of Health.  
BOWDON URBAN DISTRICT COUNCIL.

ANNUAL REPORT  
of the  
SANITARY INSPECTOR.  
for the year 1954.

The Chairman and Members of the  
Bowdon Urban District Council.

Mr. Chairman, Lady and Gentlemen.

I beg to present my Annual Report on the Sanitary Administration of the area, for the year ended 31st December, 1954.

Water Supply.

The whole of the district is supplied from the Manchester Corporation Mains. The supply in all cases is direct to the house or premises. The supply of water has been satisfactory both as regards quality and quantity.

The Thirlmere water is neutralised with hydrated lime so as to give a pH value of 7 to 7.5. Plumbo-solvency tests in past records show that water which has stood in contact with lead service pipes overnight has a lead content very definitely less than 0.2 P.P.M.pH.

Sewerage and Sanitary Accommodation.

A new length of sewer has been laid to serve the Primrose Bank Housing Estate. Existing sewers have been maintained and where necessary small defects remedied.

The whole district is on the water borne system with the exception of 8 outlying cottages.

Factories Act 1937.

No action has been necessary under Part 1, Section 1-11 and Part 8, Sections 110 and 111 of this Act.

Inspection of Food.

- (a) Milk Supply. There are 7 producers in the area. These premises are constantly inspected. No adulteration has been found and no action has been necessary.
- (b) Inspection of Meat and other foods. All food shops are constantly under inspection. There is only one butchers shop in the area, the meat being obtained from the Altrincham Area. No animals have been slaughtered for human consumption. There are no slaughterhouses or knackers yards in the area.

ANNUAL REPORT  
of the  
SANITARY INSPECTOR.
